

e-Brush Low Moisture Carpet Cleaning

Teamed with our outstanding anti-resoiling technology which is critical with spotting, the e-Brush makes spotting and preventative carpet cleaning easy. Just spray the spots, brush and they disappear. No rinsing needed.

e-clean Carpet Spotter is certified “green” under U.S. EPA’s DfE program.

Use with e-clean Carpet Cleaner for large area preventative carpet maintenance.

How to use:

Vacuum thoroughly. e-clean Carpet Spotter is safe to use on any modern carpet fiber, but it’s best to test carpet in an out of sight spot and allow to dry to be sure carpet are color fast.

REMOVING SPOTS: Set sprayer to deliver a coarse stream and direct to hit spot. Many spots just disappear. If it needs rubbing, use a soft white cloth or microfiber mitt and work from outer edge toward center or use the handy e-Brush to agitate the e-clean Carpet Spotter into the carpet.

Specifications
