

Clean right to get GREEN

Carpetspotter & Cleaner

Outstanding anti-resoiling technology which is critical with spotting because in most cases chemical residue is not removed after application. Just clean the spots and they disappear, no rinsing needed.

Use with e-clean Carpet Cleaner for large area carpet maintenance.

Use with the companion e-clean Carpet Cleaner, Restroom Cleaner, Glass Cleaner and Spray Cleaner to have a safe, clean facility.

How to use:

Vacuum thoroughly. e-clean Carpet Spotter is safe to use on any modern carpet fiber, but it's best to test carpet in an out of sight spot and allow to dry to be sure carpet colors are fast.

REMOVING SPOTS: Set sprayer to deliver a coarse stream and direct to hit spot. Many spots just disappear. If it needs rubbing, use a soft white cloth and work from outer edge toward center or use the handy JetBrush to agitate the e-clean Carpet Spotter into the carpet.

Specifications

Appearance.....	Clear liquid
Odor.....	Mild
Biodegradability.....	Complete
Phosphates.....	None
Green Certified.....	Yes
pH.....	9.0
Flash Point.....	>212f

Packaged in 12/1 quarts
